## Find your Positive Attitude for Dream Career

On 18th July the **Find your Positive Attitude for Dream Career** was organized in front of the college library building (the vacant place is used as open air theater for such programme of our institution) in this programme Sri. Vishwanath, a motivational speaker and lexicographer from Bellary was invited to address our students. In his two hour speech addressed to our students how to

succeed in life, what are the different techniques the student needs to adopt while pursuing his career by citing from his own life experiences. He suggested in addition to formal education, students are advised to follow certain tips to succeed in life:

Give up negative thinking and adopt positive thinking while enjoying learning. Serious efforts have to be made in achieving the goals. Laughing technique also helps to change your moods and relieves tension which psychologically proved. Everyone should live for oneself and not to please for others. He also suggested the student contain eye gazed to the negative serials. He further suggested learning good things from everyone. He stressed on sound mind in a sound body emphasizing on physical exercise, entertainment activities such as melodious songs virtuous movies to increase the quality of life. The program benefitted principal, staff and around 800 students.

## Career Guidance & Personality Development

On 26<sup>th</sup> September 2018 the **Career Guidance & Personality Development** programme was organized for our students in front of the college library building at 10.30 AM. In this programme we have invited the motivational speaker Sri. Raghavendra from Chikkamangalore to address our students. Addressing to our students he said, students should prepare to face the challenges in life

with confidence and to develop a creative thinking and be active in life. He further stressed on our students that as everyone is the creator of his own destiny, students must develop the nature of commitment, confidence are the true pathways or key to success in life

In his one-hour motivational speech he demonstrated how to develop creative thinking, and positive attitudes in achieving the success in life. Students should inculcate the quality to face the challenges with happily and enthusiastically, and in this process, you must accommodate many things and persons interactions and experiences.

In his concluding remarks, he said that as the winner in the sports do differently to achieve success than the different. For this, student should put constant efforts by sacrificing present pleasure. On this occasion 50th anniversary of NSS program me was also celebrated. Principal, staff, and around 1100 students have benefitted from this program me.

## A SPECIAL LECTURE ON THE IMPORTANCE OF POSITIVE THINKING

Under the quality initiative programme, the IQAC of our college has organized the special lecture for our students, on 21st February 2019 at 10.30 Am, to develop a positive attitude with the daily affairs of life. In this programme Dr. Manoj Dolly, a special officer, of PG Center Koppal . was invited to deliver the special on the topic IMPORTANCE OF POSITIVE THINKING. He told to our

students through his PPT presentation that how people with positive thinking are appreciable and more likeable than the someone who is constantly at the negative side of things. While he delivering his speech, he gave different examples and stories videos and explained how positive thinking helps to achieve success. Dr, Dolin has given the following tips to our students to develop the positive thinking.

- Everyone must evaluate once own activities before pinpointing the mistakes of others.
- Ignite your mind through positive thought and develop the capability to achieve something.
- Do not compare yourself with others, on the other hand introspect yourself.
- Do not imitate others; believe in yourself, your ideas and actions. What matters most is, how you see yourself and face the challenge. For this do your efforts continuously. Never give up in your life.
- Always stay away from negative thoughts.
- Always be a originator, be positive initiator, smile and make othersto smile.
- Always dream big make others to smile, for the sake of the country.

The special lecture delivered by Dr. Manoj Dolly was helpful to our students to understand the importance positive thinking and attitudes which helps them to get success in life. At the end of his special lecture he also showed photo, portraits of the great legend of our nation who being an ordinary man have achieved remarkable and contributed significantly in the various fields.

The programme was presided by the principal, M S Dadmi, attended by many faculties and around 200 students were benefitted from this programme. It helps to our students to know the importance of positive thinking which will bring constructive changes into their live and makes them happier, brighter, and more successful. It helps them to expand their social circle to open the door to the great opportunities.

# Life Skills, Values, Leadership qualities for BA, B.Com, B.Sc & M.Com

The first **Life Skill Values, Leadership qualities for BA, B.Com, B.Sc & M.Com** Programme for the academic year 2017-18 was organized on 3<sup>rd</sup> August 2017 at 10:15 AM in front of our library building. In this programme, Sri C.S.Anand, Rtd Army Officer from Dharwad was invited to inspire our students to develop confidence, life skills, values and leadership qualities among our students.

Addressing our students, Chief Guest called upon our students to develop definite goals and continuous put hard work to realize that goals and develop life skills in achieving their goals.

Understanding the present mental condition of student life, who are not prepared to do any hard work in the academic studies and not having definite goal or dream in life. Sri Anand in his speech appealed our students to have definite dream to enjoy life. For this every student should always put questions for themselves that how to achieve perfectness and success in the different stages of life and how to live the life independently without anybody's support and thereby contribute best to the nation. For this purpose, each student should have definite goal to success in life and must put hard work for achieve that throughout life.

Mr.C.S.Anand tries to motivate and inspire our students by citing the example of success stories of Smt.Jyothi Reddy from Telengana who started her life as a labourer in agriculture, strived hard with her determination and definite goal by doing external graduation and computer knowledge became Software Engineer in the American Software company and there by earned name fame and developed her economic status by earning in terms of dollar even with all adverse conditions in her personal family life.

As India is consists of highest number youths, there is wonderful and golden life opportunity ahead. For this, every students should develop a beautiful dream, good skills, respect others and express gratitude to others and be prepare to hard work to contribute something in the

life. In his conclusion wards, chief guest advises our students to respect advises of parents and teachers in the path of success and be thankful to them and strive hard to realize your dream. Be proud of our parents and country and think and adopt always the principles of “Sarva Jana SukinoAbhavantu”.

The programme was begin with prayer song and Shanti Mantra and ended with the patriotic song “Ye Mere VatanKe Logo” and followed by the national song. The programme was much useful in inspiring our students. 1260 students were benefitted.

# Life Skills, Values for Career Guidance

On 14<sup>th</sup> Sept, 2017, **Life Skills, Values for Career Guidance** programme was arranged for our students at 10:15 AM in front of our college library building. As a part of our best practice, to

create students personality and make their life meaningful and constructive, this time we have invited Dr.GururajKarjagi, who is always having very much concern and expectation from the students to our programme.

Dr.GururajKarjagi, in his special lecture highlighted how life values of child's are shaped and moulded by the parents and in the family atmosphere "Let the home should bloom the mind

and heart of child".

In his one and half hours speech, he underlined the role of parents and good family atmosphere in reshaping child's mind and heart just natural stone is converted into statue, which is fit for worship. A well cultured and good family background definitely helps to the students in becoming a good and responsible citizen to the nation. Thus the students along with their degree certificates and also should learn 'true values' of life, from their parents and from their family. This in turn helps them to contribute to the family, society and nation at large.

Dr.Karjagi highlighting the important role their parents asked our students to respect their parents which gives a total satisfaction and in turn you will get a lot of love and affection from the parent.

Analysing the parents their family atmosphere he said, the majority family atmosphere is controlled and destroying either by TV serials or by the Whatsup and Facebook activities. Hence, in this situation unless parents understanding importance personal intimate relationship among family members, parents will not be role model to their son and daughters in developing the good family atmosphere.

Every student learn his habits and behaviours from the family atmosphere. His life, good health depends on the good food and healthy drinks. In this connection he created awareness among our students that how much in what way Pepsi and Gobi Manchuri is harmful to the individual. Thus, the stressed to have a good life one must have a good drink and healthy food.

This programme was organized under the joint auspicious of Sri. KottalaBasaveshwar Educational Trust, Sadam and SGVV Trust, Koppal. In this programme around 1260 our students and sister institutions have took part and benefited from his speech. The events begin with the prayer song by Kum. GourammaKumbar, BA III Semester and following the Shanti Mantra.

The programme was attended by the Trust Secretary, Retired Principal, different faculty members, students and non teaching faculty. After the speech programme a student's interaction with the chief guest was held at the college seminar hall. The feedback from the students is positive one.

After the speech programme, a student interaction with the Chief Guest was held at the college seminar hall.

## Quantitative Reasoning, Self Confidence for Career Guidance

On 24<sup>th</sup> Oct, 2017, a special lecture by Dr.C.R.Chandrashekar on 'Quantitative Reasoning, Self Confidence for Career Guidance' among the students was organized at 10:30 AM in front of the college library building was arranged by the Red Cross Wing of our college.

As education process is the mental process of student that requires good mental health, to treat our students mentally, we hearty invited Dr.C.R.Chandrashekar, a great writer, on various issues of psychology and thereby tries to build mental ability and self-confidence among our students.

Dr. C. R. Chandrashekar addressing our students gathering said, students has to learn & acquire different types of knowledge in their life span. They are book knowledge, health knowledge, General knowledge and with the help of these 3 types of knowledge one can lead independent and dignified life by adjusting to the society and fulfill our needs of life.

He again made to convince our students to have successful students life, each student should have good memory and knowledge. This can be achieved by registration of information, recording of information, recalling and remembering registered and recorded knowledge. Specially at the time of exam, interview. He further said that all these stages are important to develop & improve the mental caliber of student. As examination is the crucial stage in students life, he stressed on. Students should be free from exam tension, anxiety which kills the memory power of the student. Hence avoid the fear of exam and have the positive thinking either in the test or the university exam and not worried about results. In this connection, he narrated the dialogue between Sri Krishna and Arjun in the field of Kurukshetra.

In his speech, he also stressed for the importance of good health in the students life. To keep good health asked to take easily digestible food and fruits and avoid junk foods. Do regular exercise and prayer to get mental peace and positive thinking.

Later, he held the interaction with students and clarified the problems and doubts of students which are mainly of how to develop self-confidence, improve memory and techniques of positive thinking. In all the students' feedback to this programme was good motivating to the students in developing their self confidence in achieving their selected goals. 600 students were benefitted from this programme.

# Healthy Mind & healthy attitude for Career Development

On 19<sup>th</sup> December 2017, at 10:30 am, **Healthy Mind & Healthy Attitude for Career Development** Programme was arranged in front of the college library building. In this programme, Dr. Rajashekhar Patil, Principal, Government PU College, Bhagyanagar was invited to address our students on the topic known as 'Healthy Mind and Healthy Attitude', especially in the stressful life.

In his one hour speech, Dr. Rajashekhar Patil addressing the students explained about the why everyone in the society is living stressed life which causes many health related problems like BP and Sugar etc., and how to overcome from it at the beginning starting from the student's life.

At the outset, he accepted the fact that everybody is living stressed life – to overcome this problem – both man's mind and man should be strong enough to face the problems confidently fearlessly. Just like 'an expert driver of the car, who pass out the vehicle from the road traffic safely because the car driver's mind & body is properly trained in that direction. Those who lack expertise and concentration in the driving will be in always face problems and lead stressed life. In this sense, he appealed our students to develop self-confidence and hard work to reach their definite goal without much stress or pain.

He further said that man is facing both internal and external stress and everyone should identify the reasons for it and asked to find solutions themselves. Students always should decide the first their definite goals and put constant efforts according to their expectation. Expectation without effort leads to failure which in turn stress in the students life. Thus, in his concluding his speech, he asked students to be

attendance in the class regularly studies the various subjects with full concentration. So that reproduces it in more accurate and convincing manner to achieve success.

The programme was very much useful in motivating our students to develop their personality without much stress life. As many more than 1260 students were benefited from this programme.

## Pre-placement Training

As a part of our best practice, on 10<sup>th</sup> August 2016 at 10.00 AM, in front of our college library building, Pre-Placement Programme was arranged for our students. In this programme **Sri. Mahesh Mashal**, Chairman of Adept Education Institutions, Management college from Dharwad was invited as the Chief Guest. While addressing to our students Sri. Mashal asked the students the meaning and purpose of formal education up to

the age of 21 years and what is life after completing education and what should be our aim of life? He said that many people do education to get employment and earn money and those who are in the profession are not living happily, because either they are tired or get bored. So to remove this tiredness and bareness one should understand their inner potential and strengths before doing the job. There should be combination between intelligent and interest to achieve success in professional life.

Sri. Mahesh Mashal further explained the purpose of education is not only to get good marks and qualifying to get job but to think beyond that to find your existence in life. Because God has given special potential software to every person, animals, birds, ants and trees to do natural things according to their potentials. Thus students should start thinking over their potential and strength and money spent by

parents while getting education at the college level. To make his speech more convincing, he cited the ordinary professions like PaavBhaji&PaniPuri maker, Egg Rice maker, Tender coconut, Juice seller, Tea-Coffee supplier in train compartments whose daily normal earnings from Rs. 800 to Rs. 3000 which requires just one week training but students who are spending 17 years' time and spending 3 to 4 lakh rupees unable to earn just Rs. 10,000. In such case, students must seriously question themselves about what should be their goal in their life after completing the education. In this connection he appealed to our students to understand their potential and strength before selecting course itself and try to find out their inner potentials. He referred the quotation of Swamy Vivekanand-“The purpose of education is manifestation to find out the perfection in man”. Thus, in his concluding speech, he said that education is not only restricted to get certificate but to find

out once potential & strength. Develop knowledge when both potential and good communication combined, a good human product will come up. In this connection, he cited his own life experiences and achievements in his 40 years life.

The programme was attended by the principal, staff, media persons and around 1114 students of our college and our sister institutions. Overall students response was also attentive, delightful and expressed positive reactions. Later, some students participated in the interaction session with the chief guest held in the seminar hall.

# Career Opportunities & Personality Development

On 3<sup>rd</sup> September 2016, **Career Opportunities & Personality Development** Programme was arranged for our students at 10:30 AM in front of our college library building. In the process of best practice of our college to make our students personality development programme more effective and meaningful. This time we have invited **Sri. Y. S. V. Datta**, present and long standing popular MLA of Karnataka VidhanaSoudha of Kadur constitution and who

himself has started his career with the teaching profession with more concern to the students community.

The programme began with prayer songs and shanti mantra followed by honouring the chief guest by our principal. It was moderated by Prof. SharanabasappaBiliyali, Dept. of Economics.

Addressing to our student gathering, Sri. S. V. Datta tried to bring our students attention towards – what is meant by JeevanDarshan in its real sense by making difference between ‘life’ and ‘living’ and ‘person’ and ‘personality’. In his speech, he tried to convince our students by giving his own life experiences and challenges in getting his high school education with minimum facilities and with the rural background. He gave the clarion call to our students to give up their inferiority complex, because all great achievements of our country are done by the students with the rural background only. In this connection he cited the example of life and achievements of C.N.Rao and Ramanujan, who with rural background and not studied at convent school, but made remarkable achievements in their career and given their valuable contribution to the nation.

Thus, he asked our students to develop confidence by giving up their inferiority complex and keep role model of the life of the great achievers. He said, life experience and poverty are to be taken as a stepping stone for the success. By citing Sri Basavanna'svachanas, how (akkasaliga) goldsmith prepares the valuable gold ornaments by adopting various processes, likewise, all students must keep in mind, understand about the hard reality of life and come out with the good achievements.

He further reminded our students that today's digital space has transformed almost every phase of life. The internet users get a wider and deeper access to the contents like required information, songs, books software etc., to a great extent the digital space has democratized the knowledge and information at the nominal cost. No documents, internet digital space has provided modern facilities but we are losing many good moral values of our life. Meanwhile, he said, "knowledge come but wisdom lingers".

itself.

The programme was attended by the principal, staff, media persons and around 1114 students of our college and our sister institutions. Overall students response was also attentive, delightful and expressed positive reactions. Later, some students participated in the interaction session with the chief guest held in the seminar hall. In all, this programme helped the students to enhance knowledge & skills to face real life situations and inculcate values along with their graduation certificate.

## Right Career opportunities for Students

In continuation of our best practice, on 12<sup>th</sup> September 2016 at 10:30 AM **Right Career opportunities for Students** Programme was arranged in front of our college library building. This time, in order to boost the confidence among our students, second time, **Sri.Basavaraj Patil Sedam**, an Educationist and Rajya Sabha member was invited as the chief guest of this programme.

The programme began with prayer song and shanti mantra by Kum.Vibha and others. Later our SGVVT Secretary and Administrator honoured our chief guest with garland and shawl.

Addressing our he said students should not only restrict themselves to get good marks, degree and jobs because job opportunities are very few and job seekers are many. Even after getting good marks in the career, one should get the realization of life. Many with higher education qualification are in search of job just to get economic security only. In order to realize the life in their life students were asked to realize and understand their inner capacity and strength. Because students have got his inner capacity and abundant strength. By knowing this very well and apply it in real life situations, they can win this world. Hence he asked our student to develop and achieve success in life according to choice and inner capacity without worrying about others criticisms.

In his one hour speech, he concluded by advising our students to follow two things, one is to develop humanity in the life, second is to become great man by the good efforts and works and give contribution to the society/nation by serving at the lower level of work. For this he cited the example like if not possible to become a doctor (due to of good marks) one can serve the patient by becoming nurse, donating the blood to patients, appointing other officials in the medical field. Thus Sri.Basavaraj Patil asked our students to develop the qualities like compassionate towards others and other values along with college education. One can realize JeevanDarshan step by step in his life time. In this connection he also cited the example of the dialogue between King Janaka Raj and Ashtavakra.

The programme was attended by management members, principal, staff and around 1114 students. Students' response was most attentive and positively responded. Later, interaction between students and the chief guest was arranged in the college seminar hall. Overall the programme's aim was to build confidence among our students in their carrier.

## Human value for career development

By the Joint effort of our college and Vikas Academy, Gulbarga and Sri Kottalbasaveshwar, Basava Education Society, Sedam, we arranged the **Human value for Career development** Programme on the topic “Messages of Dr. Abdul Kalam” for our students on 23<sup>rd</sup> September 2016 at 10:15 AM in front of our library building. **Dr. Gururaj Karjagi** who was the close associate of Dr. Abdul Kalam since

2011, a popular Educationist, great orator, was invited as the chief guest to deliver the special lecture.

Addressing our student gathering he said, how Kalam with a poor family background, a low quality school education struggled hard to achieve his success in his life career by citing various examples of Kalam's life. Kalam's life was very much influenced by his school teacher who the flying bird which is powered by its over life. Kalam started his career in the field of Engineering, later he joined the military academy, made a lot of hard work. Thus became a missile man of the nation and was awarded the highest civilian award “BharataRatna” and when Kalam became president of India. During his tenure he was popularly known as a “people's president”.

Dr. Gururaj Karjagi further told to our students about the great passion of Dr. Kalam in the field of science, technology, teaching and also above all a good human-being. Hence, he gave call to our students to keep Dr. Kalam as their role model. As each student is unique in this world, one should find one's own path, do not follow the path shown by others & not to loose individuality. He said, “Always have a faith in your self-confidence give up inferiority complex and do continuous efforts by hard work till achieve your success”.

Explaining the examples of life experiences of Abdul Kalam, he said although Kalam became the president of India, he lead simple life as a good human being and never forgotten those persons who served him or helped him in his life time. Understanding the greatness of Dr. Abdul Kalam, adopting his messages by every student is very much essential because Kalam had immense love for student

community. Always liked to share his vision and ideas with them. Recognising this great quality of Dr. Abdul Kalam, and in order to disseminate the messages of life experiences and understand

selfless service to the mankind, the United Nation has declared Dr.Kalam's Birth Day (which falls on 15<sup>th</sup> October) as to celebrated as 'World Student's Day' all over the world. In his concluding remarks, he said, "do hard work, respect your parents, sacrifice and their wards and follow the guidance of your teacher and develop the self confidence in your life. Do not disappoint your parent's expectation".

The programme was systematically arranged by active involvement of staff and support of the management. At the beginning Kum.Varshini song a prayer song, and that was followed by "Shanthi Mantra" by Kum.Vibha and others. The programme was anchored by Dr.Basavaraj Pujar and welcome speech by the Prof. Sharanabasappa Biliyali.

After the programme-an interaction session with the chief guest and students was arranged in the college seminar. Our students asked many questions relating to how to develop self-confidence, concentration, nature of study. As the chief guest himself was basically a teacher, understanding the student problems, re-answered their queries in most convincing manner overall the programme was useful to boost confidence of our students.

## Career Opportunities for Youth

As a part of student support programme, our institution with the initiation & sponsorship of Dr.Shankar Bidari, Rtd DG & IGP and his close associate Sri Sujal Bose, Regional Manager, South Amway, Bangalore have come forward to fulfill the corporate social responsibility (CSR) to help the unemployed graduates of this backward region.

In this connection, on 19<sup>th</sup> October 2016 at 10:30 AM Sri Gavisiddheshwar Career Guidance Center with its own logo viz., “SGCG” was inaugurated with initial infrastructure like separate spacious room, initial sponsorship from Shankar Bidari helped to provide computer, internet, printer facility, other reading materials, books related for the preparation of competitive examination which would facilitate as a ladder to our students to get employment either in government or private sectors. In its initial stage, Dr.Shankar Bidari has donated more than 200 books worth of Rs. 50,000/- to this center relating to competitive examinations such as General English, General Knowledge, How to face interview and other General studies of social science. Mr.Sujay Bose, Regional Manager, Mrs.Jithya Danesh, Head, South Amway donated four computers initially and also assured to donate more number of computers to our Career Guidance Center, if required. After inaugurating the Career Guidance Center of Koppal District Dr.Shankar Bidari addressing our student gathering highlighted the aims and objectives of this center which are as follows :

1. To create awareness and to prepare for competitive examination such as KPSC, UPSC, IBPS, IIC & public and private sectors.
2. To give information about the various ranking Job opportunities to SSLC, PUC and Graduates by opening Dr.Shankar Bidari Facebook.
3. To organize coaching classes, guidance to create proficiency in getting employable at their earliest possible age.
4. To submit online application and prepare to face competitive examinations online only.
5. To prepare our students improve their mental and physical fitness which are required in the recruitment of Police Department and thereby to face competitive examination with full confidence and get success in their respective goals.
6. Dr.Shankar Bidari also expressed willingly that he himself personally visit to this center on two Sundays of every month and give any clarifications and support to our students.

Around 1114 students from our college and local women colleges have attended the programme and expressed positive response to this programme. In the programme SGVVT's Secretary, S.Mallikarjun, Administrator, Principal have facilitated the Dr.Shankar Bidari, Chief Guest by offering the shawl and garland as a mark of respect and to express their gratitude to this support. Prof.S.B.Hiremath and Mr.Jagadish Angadi, a close associate of Shankar Bidari

delivered the introductory speech to the programme and appealed to every job aspirants of the campus should make the best use of this career guidance center.

After the programme, students interaction with Dr.Shankar Bidari and Sujay Bose was arranged in our college seminar hall. Good number of students took active participating in placing their problems, doubts & hurdles related to various types of jobs at the government level.

# Career Guidance for Employment opportunities

Dr. Shankar Bidar, Rtd DGP, Bangalore

On 29<sup>th</sup> July 2015, at 10.15 AM in front of the college library building, **Career Guidance for Employment Opportunity** was organized. Sri. Shankar Bidari, Rtd DG and IGP was the chief guest of this function.

- **Employment guidance centre should be established:**

While delivering a special lecture, Shankar Bidari stated in all the districts in North Karnataka and first of such centre would be opened at Koppal to get benefit of Article 371(J).

- **Use of Multimedia Education :**

While addressing our students, he said that people of north Karnataka need not be suffer from inferiority complex due to the lack of development in the region as the quality education can be have here with the help of multimedia internet revolution. Thus he call upon our students of this region need to make better use of this and acquire all-round knowledge, as the knowledge alone empowers one to face the world confidently.

- **Ensuring success with hard work, broad mindset and good entrepreneurship:**

Referring to the reservation policy that governments have adopted to address inequality in the society, he said, the policy serves its purpose to some extent, even then, honest, hard work, dedication and commitment would go a long way in ensuring success. He further advised the students that the students of Hyderabad Karnataka region not to confine themselves to the region and come out with a mind set to work anywhere in the country and try to compete in the staff selection competitive examination.

Further the chief guest Shankar Bidari in order to motivate the students to attend competitive exam has donated 100 books of Manorama Yearly Book 2014, which were in turn distributed to our students and few copies added to the library.

- **Feedback :**

The staff, students, management members & media reporters are much delighted with programme. Nearly 1250 students have expressed their satisfaction as they were all motivated and inspired by this special personality development programme.

## Constitutional boundaries for development of Youth

On 14<sup>th</sup> September 2015 at 10-15 AM, in front of the college library, **Constitutional boundaries for development of Youth** was organized. Dr.J.S.Patil, Retired Vice Chancellor, Karnataka State Law University (KSLU) was the Chief Guest in this programme. Around 1500 students, faculty members, retired principals, trust secretary, administrator, alumni teachers from our sister institutions, press and selected few public

who witness this programme have appreciated this programme. Totally, the programme was useful in moulding our student's personality.

### EXAMPLE OF MR. RANDY PAUSH:

While addressing Dr.J.S.Patil, inspired our students by citing the example of book called 'Last Lecture' by Randy Paush, a professor of computer science at Carnegie Mellon University in Pittsburgh on 18<sup>th</sup> Sept 2007. The topic of his last lecture was what wisdom would you try to impart to the world if you knew it was your last chance ?

In this book Paush remarks that people told him he looked like he was in perfect health, even though he was dying of cancer. He discusses finding a happy medium between denial and being overwhelmed.

### INDIA A POWERFUL NATION :

While speaking about India's renaissance, Dr. J. S. Patil said 1/6<sup>th</sup> of global population are in our country, as such it will be a powerful country in another two three decades with the advancement of science and technology in India. However he expressed dissatisfaction because he says we lost our glorious tradition and civilization dues to the foreign invasion. He added that Indians in modern India are still under the influence of colonial distortions. Thus, he called upon our students to relearn, learnt and forgotten aspects of Indian tradition and culture.

## **APPRECIATE THE LIFE AND ACHIEVEMENTS OF LATER APJ ABDUL KALAM :**

In this occasion, Dr.J.S.Patil, who himself being the close associate with later President Dr.APJ Abdul Kalam never forget to appreciate his life and achievements, who was always be the source of inspiration to the youths of this country.

He further added, in order to rebuild the country, students are to adopt a good Indian Tradition, have a good friends, read good books, and wear khadi (atleast once in a week) and follow the path of truth and non-violence.

The programme was successful and benefited to 1250 students due to the active support of students and proper planning of the principal and staff as per the direction of the management.

## Find your Dream Career

On 15<sup>th</sup> October 2015 at 9-15 AM, in front of the Sri Gavisiddheshwar College Library building, **Find your Dream Career** was arranged. In this programme, Sri. D. H. Shankarmurthy, Former Education Minister and speaker of VidhanParishat& Present MLC was invited as the Chief Guest for the first time in the history of our college.

While addressing our students, Sri.D. H. **Shankarmurthy**, has brought the attention of India's richness in education system by citing the example of our good old famous Nalanda University of Bihar. He said, India's tradition of richness of educational system was destroyed by foreign aggressors like Mughal, French, Dutch and later by the Britishers. These foreign rulers have not only destroyed our educational system but also looted our rich resources and have created an inferiority complex in the minds of Indians. However, we have retained our culture, tradition and our own way of life because of our own special character i.e., "INDIANNES".

Speaking on the occasion, he gave a call to our students to have a "DREAMS" in their students life. And in order to achieve success, he strongly asked our students to read and remember the stories of the winner personalities and not the failures stories as their guiding principles in order to develop the self confidence and achieve success. Then only India will be the top most developed country in the world in 21<sup>st</sup> century as visualized by our late president of India Dr.A.P.J.AbdulKalam.

It is a coincidence that, as this programme has been arranged on 15<sup>th</sup> October, which is the Birth Day of Late Dr.A.P.J.AbdulKalam, was also been celebrated as 'International Student's Day'.

As many as 1250 students, college staff, trust members, administrators, retired principals, students of our sister institutions, media persons and selected public have witnessed the inspiring speech and appreciated applauded the programme.

# Role of Students in Political Development

**Sri.Basavaraj Patil Sedam**, Educationist and RajyaSabha member

The **Role of Students in Political Development** was organized on 8<sup>th</sup> August 2014 at 10:20 AM in front of our college library building. This time, in order to boost the confidence among our students, **Sri.Basavaraj Patil Sedam**, an Educationist and RajyaSabha member was invited as the chief guest of this programme.

The programme began with prayer song by Kum. Manjula and others. Later our H.H. Sri Gavisiddheshwar Mahaswamiji, blessed the Chief Guest with garland and shawl.

In his Speech he addressing to our students asked to realize the potential and capacity to achieve their goal and asked our students to develop and achieve success in life according to their choice and inner capacity without worrying about other criticism.

In his one-hour motivational speech with various real example of great achievers of the nation and asked to develop the qualities like compassion towards others and values of others along with the college career.

The programme was attended by management members, principal, staff and around 1370 students. Students' response was most attentive and positively responded. Later, interaction between students and the chief guest was arranged in the college seminar hall. Overall the programme's aim was to build confidence among our students in their carrier.

## **Meditation & Moral Ethics for Karma**

**Sri.Nirbhayananda Saraswati Swamiji,**

**President of Vivekananda Ramakrishna Ashrama, Gadag Sri NirbhayanandaSaraswatiSwamiji**

**Meditation & Moral Ethics for Karma** was held in our college on 03<sup>rd</sup> October 2014, at 10:20 AM in front of our college library building. In order to know the values of swami Vivekananda.

Sri Nirbhayananda Saraswati Swamiji, strong follower of Swami Vivekananda, President of Vivekananda Ramakrishna Ashrama, Gadag was invited as a Chief Guest

to address and motivate our students.

Addressing to our students gathering he pointed out the weak point of Indian youths as compared to western youths. Because our youths are suffering from inferiority complex due to lack of communication skill and proper knowledge about national history. In his speech he quoted many examples of Swami Vivekananda achievements and confidence.

Hence, he asked our students to read Indian History and adopt the principles, values and sayings of Swami Vivekananda, who is a great icon of this country.

The programme was attended by management members, principal, staff and around 1370 students. Students' response was most attentive and positively responded. Later, interaction between students and the chief guest was arranged in the college seminar hall. Overall the programme's aim was to build confidence among our students in their carrier.

# **Social Responsibility of Youths**

## **Sri.SankargoudaBiradar,**

A life member of Swadeshi Science Vignyana Andolana and Social Activist

On 07<sup>th</sup> February 2015, at 10:00 am, **Social Responsibility of Youths** was arranged in front of the college library building. In this programme, **Sri ShankargoudaBiradar**, a life member of SwadeshiAndolan and Social Activist was invited to address our students to lead healthy and wealthy life.

In his speech Sri.Shankargouda Biradar highlighted the importance of Swadesi Life Style to maintain both mental and physical health. Life is a gift of godit should be use properly and fruitfully. Therefore, students must engage service of society, service of society means service of god to serve the society student cultivate knowledge positive outlook in their student life. At the same time students must aware about the philosophical ideas of Indian saints, culture and traditions. All these darshanas, vachanas, geetas, slokas, upanishads and other holi epics explained the value of life.

Further in his speech life skills are important to lead healthy and wealthy life. Therefore, students gather the knowledge about skills and attitude in their student life to lead successful life.Students participation in such type of programme is very important to overcome the inferiority complex, doubts about the life. It gives the introduction the basic values and principal.

The programme was attended by management members, principal, staff and around 1370 students. Students' response was most attentive and positively responded. Later, interaction between students and the chief guest was arranged in the college seminar hall. Overall the programme's aim was to build confidence among our students in their carrier.
